

GOD VS COUNTRY
Ron Lynch Chalice 11/68 revised 5-15-86

(full version)

Even in Boy Scouts I was told
That only God could save my soul
The Bible Says "thou shalt not kill"
But daddy says do it, it's your country's will

CHORUS:

Is it your God or your country
You have got to make your choice
Is it your God or your country
You have got to raise your voice

In no way can I sweat and toil
to help preserve a murderer's soil
I shall flee or live in jail
to get away from this killers hell

CHORUS

While you live the life you live
Try to make a gift to give
